Dear Sir:

Supplemental to the Information Disclosure Statement filed July 11, 2005 and the Information Disclosure Statement filed June 20, 2005, Applicant is enclosing form PTO-1449 and a copy of the references listed thereon except for *U.S. Patent No. 5,180,371 to Spinello*, which is not being submitted in accordance with current U.S. Patent and Trademark Office guidelines. The *Spinello '371* patent and International Publication No. *WO 01/13973* were incorrectly listed in Applicant's specification and in the Information Disclosure Statement filed June 20, 2005, and Applicant is amending the specification in the accompanying amendment to correct these citations.

The remaining references were cited in the International Search Report and listed in Applicant's July 11, 2005 Supplemental Information Disclosure Statement, or in Applicant's June 20, 2005 Information Disclosure Statement but were indicated by the Examiner as not being

considered because a copy of these references had not been received. Although Applicant believes that these references should have been transmitted by the International Office, Applicant nonetheless resubmits them herewith along with a translation of the Written Opinion of the International Searching Authority which discusses these references.

It is respectfully requested that the foregoing Supplemental Information Disclosure Statement (IDS) be incorporated into the official file of the present patent application. A check in the amount of \$180.00 is enclosed to cover the fee for filing a Supplemental IDS and the Commissioner for Patents and Trademarks is hereby authorized to charge any additional fees or to credit any overpayment in connection with this IDS to our Deposit Account No. 03-2468.

Respectfully submitted,

Said MANSOURI
